OTCQX symbol: LEDCF

## CRS Electronics Begins Trading on OTCQX Market

**March 4, 2011, Welland, ON** – CRS Electronics Inc. ("CRS"), (TSX-V:LED) (OTCQX:LEDCF), an inventor, developer and manufacturer of LED lighting, began trading today on OTCQX international market under the symbol LEDCF.

"Joining tier one of the OTC offers many of the benefits of listing on a U.S. exchange without the associated high costs and legal burden typically required," said Scott Riesebosch, President, CRS Electronics Inc. "We are pleased to provide our U.S. investor base with an alternative trading platform and look forward to increased visibility and exposure to the largest capital market in the world."

OTC Markets Group provides an electronic marketplace for broker-dealers to trade OTC stocks. In 2010, securities on OTC traded over \$144 billion in dollar volume, making it the third largest U.S. equity trading venue after NASDAQ and New York Stock Exchange. Investors can find current financial disclosure and real-time quotes for the company on [www.otcqx.com](http://www.otcqx.com) and [www.otcm Markets.com](http://www.otcm Markets.com).

### About CRS

CRS Electronics Inc., an Energy Star and Lighting Facts partner, is a leader in the emerging, rapidly-growing market of high efficiency light-emitting-diode ("LED"), or, solid state lighting ("SSL"). The principal activities of CRS include the development, manufacture and sale, primarily in North America, of indoor lighting such as LED replacement lamps, exterior LED warning lights on school buses, child safety systems for school buses and contract manufacturing of LED circuit boards. CRS plans to be a major supplier of LED light engines for a variety of applications to be developed by CRS on its own and in conjunction with its customers. CRS recently signed a license agreement with Eveready Battery Company Inc., a subsidiary of Energizer Holdings Inc., for CRS to manufacture a suite of LED lighting products under the brand name Energizer. The initial LED suite of products includes the MR16, PAR 20, PAR 30 and PAR 38. Future products developed by CRS may also be considered by Energizer.

*Neither TSX Venture Exchange nor the Investment Industry Regulatory Organization of Canada accepts responsibility for the adequacy or accuracy of this release.*

*Certain statements contained in this news release constitute forward-looking information, future oriented financial information, or financial outlooks (collectively "forward-looking information") within the meaning of Canadian securities laws. Forward-looking information may relate to this news release and other matters identified in CRS's public filings, CRS's future outlook and anticipated events or results and can be identified by terminology such as "may", "will", "could", "should", "expect", "plan", "anticipate", "believe", "intend", "estimate", "projects", "predict", "potential", "continue" or other similar expressions concerning matters that*

*are not historical facts and include, but are not limited in any manner to, those with respect to capital and operating expenditures, economic conditions, availability of markets for products, availability to develop and manufacture products, availability of sufficient financing, receipt of approvals, satisfaction of escrow requirements, satisfaction of closing conditions, obtaining debt financing for capital expenditures, and any and all other timing, development, operational, financial, economic, legal, regulatory and/or political factors that may influence future events or conditions. Such forward-looking statements are based on a number of material factors and assumptions, including, but not limited in any manner, those disclosed in any other CRS filings, and include the effect of capital market conditions and other factors on capital availability and the ability to complete additional closings; sufficient working capital for development and operations, access to adequate services and supplies, availability of markets for products, commodity prices, foreign currency exchange rates, interest rates, access to capital markets and other sources of financing and associated cost of funds, availability of a qualified work force, availability of manufacturing equipment, no material changes to the tax and regulatory regime and the ultimate ability execute its business plan on economically favourable terms. While we consider these assumptions to be reasonable based on information currently available to us, they may prove to be incorrect. Actual results may vary from such forward-looking information for a variety of reasons, including but not limited to risks and uncertainties disclosed in other CRS filings at [www.sedar.com](http://www.sedar.com) and other unforeseen events or circumstances. Other than as required by law, CRS does not intend, and undertakes no obligation to update any forward-looking information to reflect, among other things, new information or future events.*
