CRS Electronics Reports Fiscal 2014 Q3 Financial Results

November 10, 2014, Toronto, ON – CRS Electronics Inc. ("CRS" or the "Company"), (TSX VENTURE:LED), a developer and manufacturer of LED lighting products, today announced financial results for the period ended September 30, 2014.

"Overall Q3 F2014 sales are 62% higher than the same period last year. We continue to decrease costs which have increased our gross margin by 85% from the same period last year. LED lamp sales have increased 1531% from Q3 2013, and we are very pleased to see Lumenova™ sales double each quarter this year," said Travis Jones, President & CEO of CRS Electronics.

"We are very excited to launch a new brand of LED fixtures, KVIC Lighting in Q4 2014. Our fixtures contain market-leading technology in robust market segments. We are excited to already have commitments in excess of \$4M prior to launching our brand."

About CRS Electronics

CRS Electronics Inc. (TSX-V:LED), is a leader in the emerging, rapidly-growing market of high efficiency light-emitting-diode ("LED"), or, solid state lighting ("SSL"). The principal activities of CRS Electronics include the development, manufacture and sale, primarily in North America, of indoor lighting products such as LED replacement lamps, exterior LED warning lights for school buses, child safety systems for school buses, LED architectural lighting fixtures, and contract manufacturing of LED circuit boards. As an innovator of LED solutions since 1998, CRS Electronics continues to expand its product portfolio and market presence with business partners and customers, and under its own product brands, which include CRS Electronics, Lumenova™ and KVIC Lighting.
