CRS Electronics Reports First Quarter Fiscal 2010 Financial Results 52% Increase in Sales

June 1, 2010 Welland, ON – CRS Electronics Inc. (“CRS”), (TSX-V:LED), an inventor, developer and manufacturer of LED lighting, today reported its financial results for the three month period ended March 31, 2010.

For the three months ended March 31, 2010, the Company reported a sales increase of more than 52% to \$653,807 compared to \$429,999 for the same period in 2009. Net loss for the quarter was \$240,385 or \$0.01 per share versus a net loss for the comparative period 2009 of \$105,048 or \$0.01 per share.

“Our aggressive sales and marketing activities have resulted in an 18.2% increase in unit sales of our MR16 over the fourth quarter 2009, and a 286% increase over the same period last year,” said Scott Riesebosch, President of CRS Electronics. “We continue to see strong interest and order flow for our MR16, and with our new suite of LED lighting products that we recently announced, we are able to pursue a significantly larger market utilizing existing sales channels and distributors.”

New customers for the quarter include Sandals Resorts International in Emerald Bay, Bahamas and Harris Teeter in Charlotte, NC.

The company is also pleased to report participation in the US Department of Energy’s (DOE) Gateway Demonstration Program during the first quarter. The program evaluates LED products in real-world installations. Detailed reports are published by the USDOE based on the demonstration, and include key metrics such as product performance, projected energy savings, payback periods and user feedback. The unbiased nature of the DOE programs makes them popular sources of information for buyers and specifiers of LED Lighting.

During the quarter, the Company was granted an interest free loan in the amount of \$825,595 from the Southern Ontario Development Program (SODP). The SODP promotes economic development, economic diversification, job creation and sustainable communities in Southern Ontario. The Honourable Gary Goodyear, Minister of State for the Federal Economic Development Agency for Southern Ontario, made the announcement at the Company’s headquarters in Welland, ON.

The unaudited annual financial statements and related MD&A can be found on SEDAR at www.sedar.com.

Notice of Annual General Meeting

CRS Electronics’ Annual General Meeting will be held on Wednesday, June 2, 2010, at The Fairmont Royal York Hotel, British Columbia room, 100 Front Street West, Toronto, Ontario. The meeting is scheduled to begin at 4:30 pm.

About CRS

CRS is a leader in the emerging, rapidly-growing market of high efficiency light-emitting-diode (“LED”), or, solid state lighting (“SSL”). The principal activities of CRS include the development, manufacture and sale, primarily in North America, of indoor and outdoor lighting such as LED replacement lamps, LED streetlights, exterior LED warning lights on school buses, child safety systems for school buses and contract manufacturing of LED circuit boards. CRS is a well-established supplier to both the school bus industry and

the LED contract manufacturing industry, providing a stable and growing revenue source. CRS plans to be a major supplier of LED light engines for a variety of applications to be developed by CRS on its own and in conjunction with its customers. Several of CRS's customers use CRS LED MR16 lamps to replace up to 50 watt halogen MR16s.
